## Ahua! Aviation Services Ltd joins Yocova as a member of the Partnership Programme

**[Ahua! Aviation Services Ltd](#), the global aircraft technical support consultancy service, has joined Yocova as a member of the [Partner programme](#).**

The company offers a range of consultancy services across aviation to commercial airlines, aircraft leasing companies, private owners and operators, MROs and other aviation consultancies. Since joining the platform as a partner, Ahau! has listed its services on the Yocova Marketplace, which has provided it with a new sales and marketing channel and enabled the sharing of its services with businesses and professionals across the global aviation community.

One of the core pillars of Yocova is collaboration and knowledge sharing, and Jacob Flamberg, Ahua!'s Managing Director has been quick to utilise this functionality. Jacob has created and leads a smart business network collaboration group, which has already attracted over 70 members. Yocova enables its members to create and contribute to groups across the Yocova Community. It's an easy and convenient way to connect with others throughout the industry and generate discussion on hot topics and issues, or to share experiences and learn from one another.

### **Ahua! Aviation Ltd comment**

Ahua! Aviation Services and the "Aviation Smart Business Network" is built upon the ideals of the betterment of knowledge combined with empathy and trust being applied to all that we do. It is with this in mind that the Aviation Smart Business Network was created. We are a group of technical service and consultancy experts dedicated to the purpose of providing global reach with maximum agility and rapid response solutions. In addition, our ethos forces us to strive to identify knowledge and requirements gaps in the industry and provide solutions as to how these can be best addressed without being bogged down in semantics or power games. Ahua! Is simply dedicated to helping you be "Ready to Fly"

### **Yocova comment**

"We're delighted to have Ahua! Aviation Services onboard Yocova. Given the breadth of aviation experience they have and the range of services they provide within the industry, it's fantastic to see that they're so engaged on the platform. Their smart business network group has attracted many members, which is a great example of how collaboration really is at the heart of Yocova."

## About Yocova

Yocova (You Connect for Value) is an open, neutral digital platform and ecosystem for the aviation industry to collaborate, manage data, and access leading digital services from OEM partners and digital vendors.

It's an end-to-end platform for innovation: digital infrastructure and services to facilitate the exchange of ideas, data, and apps in aviation.

The platform is structured around the pillars of Community, Data Rooms, Marketplace, and Enterprise engagement:

- **Community:** the global aviation community on one open and trusted platform – connect and collaborate with aviation peers in public forums and private working groups
- **Data collaboration:** a decentralised, secure, and voluntary data API exchange giving you full control of who accesses your data to support your digital initiatives
- **Marketplace:** a trusted 'go to' aviation marketplace for digital transformation – find, try, buy, and deploy leading digital aviation apps, data API's solutions and services, or sell and manage your own through a global route-to-market
- **Enterprise engagement:** Yocova provides a single command and control platform through which to securely distribute, authenticate, and update all digital content across the customer community.

For OEM partners, Yocova provides a single command and control platform through which to securely distribute, authenticate, and update all digital content across the customer community. For OEM customers, a single entry-point for swift, efficient user access to all OEM digital content.

Yocova continues to pursue its growth strategy at pace with over 6,000 aviation professional members from across 425+ airlines and 840+ aviation enterprises extending across the aviation value chain, including but not limited to professionals and enterprises from airlines, business jet operators, digital/data vendors, through to airports, ANSPs and OEMs.
