

# PRESS RELEASE

2<sup>nd</sup> April 2024

## Tenneo joins Yocova as a member of the Partner Programme

**Tenneo**, a leading provider of employee learning solutions has joined Yocova as a member of the Partner Programme. The company produces innovative and advanced learning solutions to provide a platform designed to empower both learners and administrators.

As a member of Yocova, Tenneo can now network with the platform's global community of aviation businesses and professionals. The company has been quick to take advantage of the benefits of the platform and has listed its [solutions](#) on the Yocova Marketplace.

Tenneo's [LMS solution](#) is a pioneering learning performance platform, which has been developed to optimise precision and productivity in corporate learning. It is equipped with over 100 pre-packaged connectors to ensure easy integration with its customers' existing tech stack and is available in four variants to best meet evolving learning needs. The Learn variant facilitates mandatory training and standardised learning, whereas the Learn+ variant enables more involved and complex learning programmes. The Grow variant helps to impact individual and team growth through skill enhancement, and the Act variant is designed to improve employee performance through KPI-based learning initiatives.

### Tenneo comment

"At Tenneo, we're committed to redefining learning and driving the LearnTech revolution, and our partnership with Yocova marks a significant step forward in achieving that vision. By joining forces with Yocova's esteemed Partner Programme, we're expanding our reach and enhancing our ability to provide innovative learning solutions to our clients in the aviation industry and beyond. This collaboration underscores our dedication to empowering learners and administrators alike, and we're thrilled about the opportunities it will unlock for us and our valued clients."

Ankush Jagga, Head of Business, Tenneo

### Yocova comment

"We're delighted that Tenneo has chosen to join the Yocova platform. Learning and development are crucial to our industry, so having an independent software vendor onboard, that focuses on facilitating that in a

progressive and innovative way, will be of great benefit to our Members. Now, as a Yocova partner, Tenneo can more easily spread the word about its solutions among Yocova's global network."

### About Yocova

Yocova (You Connect for Value) is an open, neutral digital platform and ecosystem for the aviation industry to collaborate, manage data, and access leading digital services from OEM partners and digital vendors.

It's an end-to-end platform for innovation: digital infrastructure and services to facilitate the exchange of ideas, data, and apps in aviation.

The platform is structured around the pillars of Community, Data Rooms, Marketplace, and Enterprise engagement:

- **Community:** the global aviation community on one open and trusted platform – connect and collaborate with aviation peers in public forums and private working groups
- **Data collaboration:** a decentralised, secure, and voluntary data API exchange giving you full control of who accesses your data to support your digital initiatives
- **Marketplace:** a trusted 'go to' aviation marketplace for digital transformation – find, try, buy, and deploy leading digital aviation apps, data API's solutions and services, or sell and manage your own through a global route-to-market
- **Enterprise engagement:** Yocova provides a single command and control platform through which to securely distribute, authenticate, and update all digital content across the customer community.

For OEM partners, Yocova provides a single command and control platform through which to securely distribute, authenticate, and update all digital content across the customer community. For OEM customers, a single entry-point for swift, efficient user access to all OEM digital content.

Yocova continues to pursue its growth strategy at pace with over 8,500 aviation professional members from across 470+ airlines and 1,100+ aviation enterprises extending across the aviation value chain, including but not limited to professionals and enterprises from airlines, business jet operators, digital/data vendors, through to airports, ANSPs and OEMs.

### About Tenneo

Tenneo (formerly G-Cube LMS) is a leading employee learning products company with a CMMI Level 3 certification. It is a part of MRCC Group company, headquartered in Billerica, USA.
