

# PRESS RELEASE

15<sup>th</sup> April 2024

## Dreamix joins Yocova as a member of the Partner Programme

IT-service provider [Dreamix](#), has joined Yocova as a member of the partner programme. The company provides end-to-end custom software development and IT consultancy services, including enterprise-grade digital transformation to organisations across a range of industries, including aviation.

As a Yocova partner, Dreamix can now connect with the platform's global network of aviation business and professionals, and market and sell the company's services and solutions on the [Yocova Marketplace](#).

The team at Dreamix have quickly taken advantage of the benefits of the platform and listed four of its services on the Marketplace, in [custom integration](#), [custom software development](#), [digital transformation](#) and [legacy system modernisation](#). With over 17 years of experience, the team of seasoned specialists provide full support, from design to delivery and beyond.

### Dreamix Aviation comment

Dreamix is excited to join the Yocova platform. With Aviation as one of our main focus areas, we have experience developing flight operation systems, airport management platforms, customer communication platforms, AP & AR payment solutions, and more. We're honoured to become part of this community and look forward to exchanging knowledge and sharing our expertise.

### Yocova comment

"We're delighted Dreamix has joined the Yocova platform as a partner member and will be able to connect with our global aviation community. We look forward to seeing how the Dreamix team's solid experience in providing IT services for major organisations will serve to support our industry at a time when digital transformation continues to be of such importance."

### About Yocova

Yocova (You Connect for Value) is an open, neutral digital platform and ecosystem for the aviation industry to collaborate, manage data, and access leading digital services from OEM partners and digital vendors.

It's an end-to-end platform for innovation: digital infrastructure and services to facilitate the exchange of

ideas, data, and apps in aviation.

The platform is structured around the pillars of Community, Data Rooms, Marketplace, and Enterprise engagement:

- **Community:** the global aviation community on one open and trusted platform – connect and collaborate with aviation peers in public forums and private working groups
- **Data collaboration:** a decentralised, secure, and voluntary data API exchange giving you full control of who accesses your data to support your digital initiatives
- **Marketplace:** a trusted 'go to' aviation marketplace for digital transformation – find, try, buy, and deploy leading digital aviation apps, data API's solutions and services, or sell and manage your own through a global route-to-market
- **Enterprise engagement:** Yocova provides a single command and control platform through which to securely distribute, authenticate, and update all digital content across the customer community.

For OEM partners, Yocova provides a single command and control platform through which to securely distribute, authenticate, and update all digital content across the customer community. For OEM customers, a single entry-point for swift, efficient user access to all OEM digital content.

Yocova continues to pursue its growth strategy at pace with over 8,500 aviation professional members from across 425+ airlines and 840+ aviation enterprises extending across the aviation value chain, including but not limited to professionals and enterprises from airlines, business jet operators, digital/data vendors, through to airports, ANSPs and OEMs.

## About Dreamix

[Dreamix](#) is an IT service provider, headquartered in Bulgaria. Founded 17 years ago by a group of friends, Dreamix has evolved to provide IT services to companies in North America, Europe and the Middle East. Driven by the mission to create software solutions that help tech leaders to create a better world, Dreamix specialises in developing software for the aviation, transportation, healthcare and fintech industries.
